BIOMASS ENERGY PROCESSING (Renewable Energy) - The Biomass Energy Processing program offers the knowledge and skills applicable to employment in facilities processing corn and/or soybeans into primary products, such as ethanol and biodiesel, and usable co-products. Iowa has both the crop supply and an increasing number of facilities producing value-added agricultural products and renewable energy sources.

Recreation & Leisure Management

**Call Scott Tschetter at
1-712-362-7970 for more information or to
register.**

With more leisure time than in previous generations people are seeking better ways to use time through community and commercial recreation. The recreation field offers careers in parks and recreation management, resorts, camps, health spas, hospitals, rehabilitation centers, youth agencies, and city, county and state government sponsored positions. Other careers include facilitators for outdoor recreation opportunities or personal trainers.

Development & Design - Prepares you for employment in the web page design field. You are trained in both the creative and technical aspects of the environment. Creative skills are used in developing informative, easy-to-navigate Web site designs using Macromedia Dreamweavers, Flash and Adobe PhotoShop software. Technical training is provided in basic code writing using HTML and JavaScript.

Surgical Technology

As a Surgical Tech you are trained to perform these tasks in the operating room:

- Assist surgeons during surgery holding retractors, cutting sutures, suctioning wounds, adjusting operating lights, and applying surgical dressings
- Establish and maintain a sterile operative field
- Operate sterilizer
- Proper handling of surgical instruments
- Care and handling of instruments after surgical procedures
